

Splish Splash Splosh! F 1 Summer 2026

Essential Project Pre-Learning

- To say simple words and phrases
- To know there are different types of weather
- To know say which weather you like or dislike

Essential Project Learning

- To know what you need to wear for different types of weather

- To be able to name the different seasons

- To talk about what they see, using a wide vocabulary

- To be able to recite an alliterative poem

Language Dozen

Spring	The season between March and May
Summer	The season between June and August
Autumn	The season between September and November
Winter	The season between December and February
Weather	The conditions outside
Flood	An overflow of water onto land that is not normally under water
Wind	Air as it moves over the Earth's surface
Rain	Drops of water that form in the clouds and fall from the sky to the earth
Storm	A disturbance in the atmosphere that brings rain, snow, wind, thunder or lightning
Rainbow	A curved arc of light in many colours caused by the sun shining through drops of water from the rain
Thunder	The loud cracking noise or low rumble that follows a flash of light
Lightning	Natural electricity produced in thunderclouds.

“A community of learners aiming high to Excel and Exceed!”
