Robin Hood Curriculum Compilation

Welcome to our Curriculum Compilation! This compilation celebrates the fantastic work that has happened in our foundation subjects over the Autumn Term here at Robin Hood. I hope you enjoy looking at a snapshot of the amazing range of learning opportunities our children have enjoyed since September!

Many thanks for your support,

Mr Overton

Curriculum Lead and Deputy Headteacher

Tell us what you think of our Curriculum in this short survey!

Art

Year 4 have been exploring mouths in Art; they all created giant mouths, matching their colours to their own skin tones.

Year 1 have created "Spotty Specs" in the style of the artist, Yayoi Kusamma.

Computing

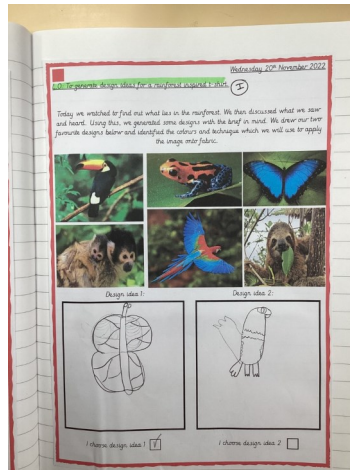

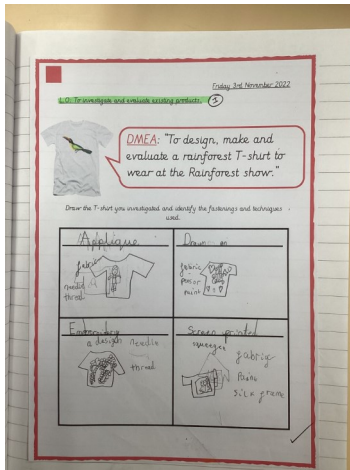

In Year 4 (left) the children practiced their programming skills to create computer games using Scratch.

Year 1 created simple sequences to form instructions when learning about algorithms.

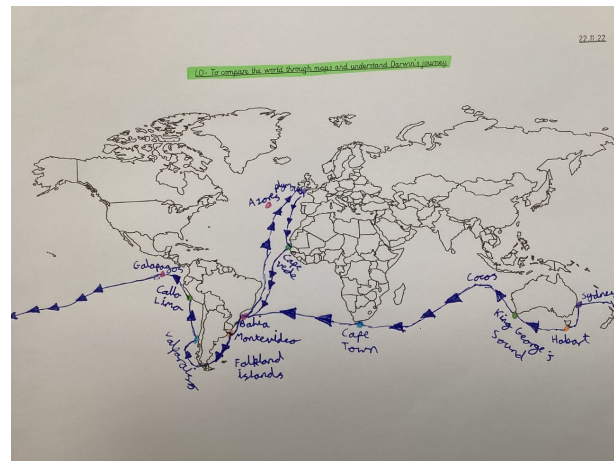

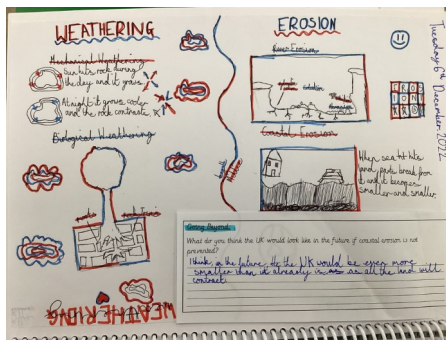

Design and Technology

Year 2 have followed the Design, Make, Evaluate process in DT to create amazing t-shirts for their Rainforest Fashion Show!

Geography

Y6 have been creating posters to demonstrate their learning about erosion, and plotting the journey of Charles Darwin around the world on a world map.

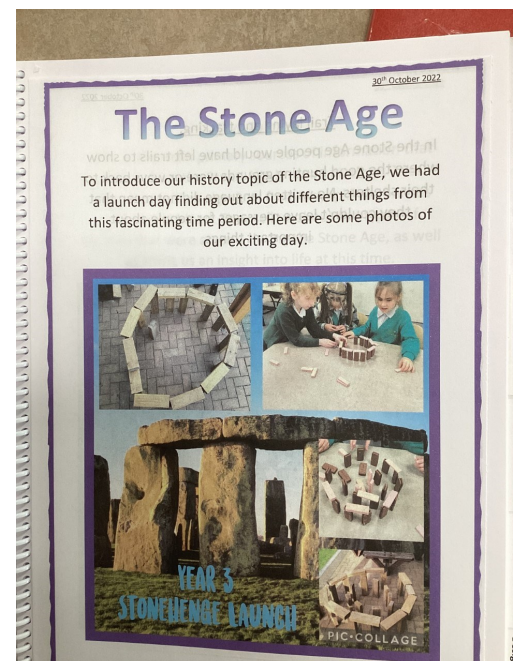

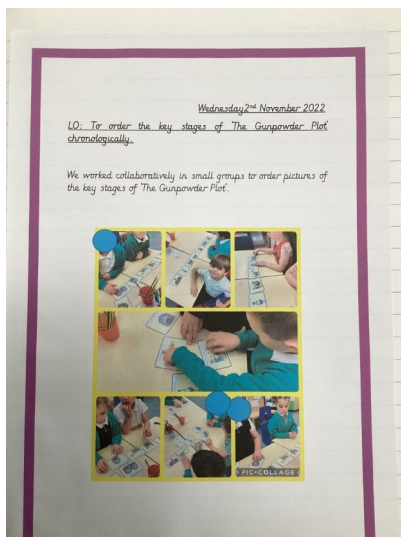

History

Year 1 (left) worked collaboratively in small groups to put the events from the Gunpowder Plot in chronological order.

Year 3 launched their project with a in-depth look at the amazing monument, Stonehenge!

Physical Education

Almost all classes have studied gymnastics in PE, here are Y4 practicing different balances using equipment.

Year 5 took part in an athletic challenge in school, the Me vs Me Challenge.

Personal, Social and Health Education

Children in school made Handprint Designs as part of our learning about Anti-Bullying, these are from F2 and Year 6.

Religious Education

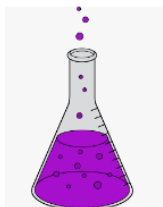

Year 4 have made Christingles as part of their learning about the Christian Festival of Advent.

Year 1 visited St Paul's Church in Daybrook to learn about the features of Christian Churches.

Science

Year 1 have studied deciduous and evergreen trees in Science.

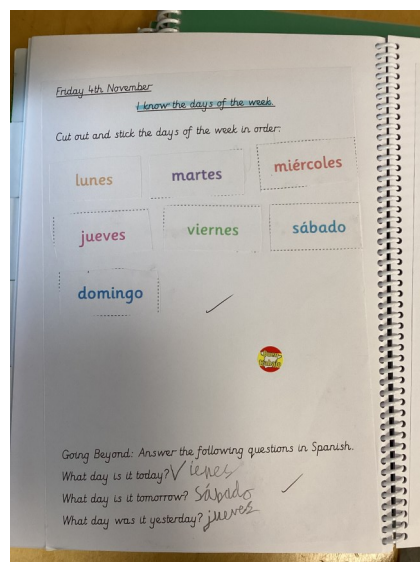

Year 6 took their Science project about evolution to the Natural History Museum in London.

Spanish

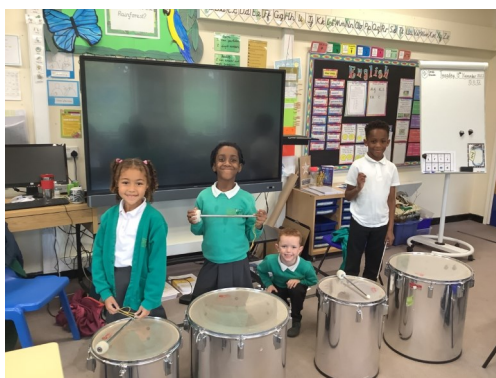

Year 3 (right) have learnt the days of the week in Spanish.

In Spanish in Year 5, the children directed each other around a Spanish city, ¿Donde Esta?!

Music

Children in Year 2 (left) have been learning how to use the samba drums!

Year 5 (right) took part in the Christmas in the City Concert at St Mary's Church.

An inspiring and enriching curriculum which broadens horizons...
