Wednesday 7th October 2020

Dear Parents and Carers,

I know that as the week goes on there is more and more coverage in the media about the rise in Coronavirus cases in Nottingham and the possibility of a “local lockdown.”

Some parents have asked what this will mean for school. Local lockdown guidelines may come into force but this does **NOT** mean that schools will be closed. School will continue as usual.

We must be realistic however and expect that our school will likely have at some point a direct member of our school community receive a positive test result for coronavirus. If this happens, we will follow advice from the LA and the Local Health Protection Team and we will – as ever – aim to keep parents fully informed.

You will have received last week via email our “Remote Learning Plan” which outlines how we would educate your child in the event of a partial closure. This week your child will have come home with a Remote Learning Book. This is simply to be prepared for whatever goes on to happen over the next term or two as all schools are required to have a “Remote Learning Plan” ready to roll out if they need it at any point. Please keep this safe, ready to use if necessary.

Please do look at the information about our Remote Learning Plan and ask any questions you need to.

I will continue to keep you as updated as I can as time goes on.

Kind Regards,

N C Bridges
